RE: File Closure for Small Mining Activities, Mission Rock, Old Rock Farm, S/019/019, Grand County, Utah

On June 28, 1999, the Division sent a letter to Gary C. Thompson of Mission Rock regarding the status of Mission Rock's Old Rock Farm small mining project, located in Section 16, T23S, R17E, Grand County, Utah. Mr. Thompson was informed in the letter that the BLM and SITLA concurred that this file could be closed if the remaining debris at the site (wire baskets, metal drums, etc) was removed.

The June 28, 1999 letter was returned to the Division due to a bad mailing address. Given that the remaining debris is minor, the Division closed and retired the file. (There is a note in the database that the Moab BLM concurred per a phone call). The file also notes that SITLA closed lease file 33812 June 21, 1999.

If the operator wants to conduct any future mining activity in this area, he will have to submit a new notice to the appropriate agency(s), pay the Division permit fees, and receive written approval(s) prior to creating any disturbance.
